About Us

THANK YOU FOR CHOOSING PIGEON RIVER DESIGNS.

7110 N 675 W | Shippshewana, Indiana 46565

Phone: (260) 768-7649

Pigeon River Designs, located in Shippshewana, Indiana, is a small family-based furniture shop designed with our clients' desires in mind. Founded in 2017 as a custom cabinet shop, we transitioned into full-time hardwood furniture in 2022 with a lineup of 7 bedroom collections. In December of 2023 we moved into a new 12,000 ft² building. We added 4 collections in 2023 and 1 collection in 2024 to bring our current product line to 12 collections.

Creating tailor-made solid hardwood furniture is our specialty. Our goal is to provide woodworking solutions that exceed our clients' expectations - both in craftsmanship and quality. We take great pride in providing our clients with dependable and timely service, skilled craftsmanship, and exceeding our clients' expectations with each project.

It is truly a pleasure to work with each client who trusts us with building furniture for their home, no matter the style. We are always striving to add value to our products and services and want to thank our customers for all the feedback and support you've given us. When it comes to hardwood furniture, we can't wait to make your dreams come true.

2024 Updates

1. Oakdale is our new collection for 2024.
2. Platform beds are available in all collections. See price list for details.

QUICK SHIP

- Select pieces from the Bay Pointe and Oakdale collections marked with the **QUICK SHIP** logo are available for 5 Day Quick Ship.
- All Quick Ship pieces are only available in Brown Maple.

The Unique Nature of Wood

Wood is a product of nature and acts in ways beyond human control. All hardwood has variation in its color and grain. These characteristics add a unique touch to each piece of furniture. Even though we go through the same building process every time, no two pieces will ever be exactly the same.

Most hardwood is open grained, causing solid wood furniture to expand and contract with changes in temperature and humidity. These changes occur even after protective finishes have been applied. They may also cause the wood to crack or have surface checks (small cracks). This is not abnormal and not considered a flaw. Rather, it is just one of nature's ways to highlight and show the unique characteristics of each piece of furniture.

Indoor humidity should be kept in the 35% to 45% range. If humidity drops below 35%, pieces using paneled construction (beds especially) may experience shrinking that exposes a light or unfinished strip of wood on the edges of the panels. This is normal and will disappear when humidity reaches higher levels.

Keep solid wood furniture away from direct sources of heating and cooling. It should never be stored in attics, basements, or out-buildings. Avoid direct sunlight and fluorescent fixtures due to their ultraviolet rays which can cause chemical changes in the wood and finish.

When cared for properly, your solid wood furniture will become a piece of timeless beauty—one that will be treasured and handed down for generations.

Our Warranty Policy

2-Year Guarantee

Pigeon River Designs offers a 2-year warranty on workmanship, construction methods, and materials.

Repair

If a defect is found within the first 2 years of the manufacturing date, and the furniture has not been abused or improperly cared for, we will repair it at no cost.

Customer Responsibility

Customer is responsible for all shipping costs on returned product.

Humidity

Humidity levels need to be kept between 35% and 50% or warranty will be void on solid wood materials. See the "Unique Nature of Wood" section for more info.

Warranty Void

Pigeon River Designs will not honor any warranty for furniture that has been standing in the direct line of any forced air or heat vents. If furniture has any signs of neglect, abuse, or misuse, such as but not limited to the following—pet marks (scratches or teeth marks), water stains from accidental spills, color changes from direct sunlight or fluorescent fixtures—warranty will be void.

Our Commitment to You

Timely Delivery

4–6 weeks on standard orders.

Solid Hardwood

Solid tops and end panels that exhibit the characteristics and beauty of real hardwood. The hardwood lumber used in our furniture has been kiln dried, a process used to minimize the shrinking, cracking, and warping that all hardwoods naturally experience.

Dovetail Drawers

Beautifully dovetailed drawers finished inside and outside, resulting in a smooth and snag free storage environment.

Open Knot Holes

We fill all open knot holes on rustic wood species with black epoxy unless otherwise specified.

Strong Drawers

Zinc plated 100lb. rated full extension drawer slides so you never have to worry about overloading a drawer.

Shipping Protection

All mirrors are framed hardwood, and supported with a plywood back, minimizing the chances of broken mirrors during shipment.

Chemical Free

All plywoods used to produce our products are Carb 2 compliant. You have the satisfaction of knowing that your furniture has no chemicals that are harmful to either you or the environment.

Guaranteed

All products are guaranteed against workmanship defects, shrinking, cracking and warping if kept in a humidity and temperature controlled environment.

The Finer Details of Our Beds

Rail Bracket

We use a cast aluminum rail bracket that mounts to the post with two 2" lags. The result is a rock solid bed on all four corners.

Easy to Assemble

Assembling a bed is a matter of hooking the bracket on the pre-installed lags. Tighten the lags with a ½" wrench. Drop in the pre-fitted slats and you're done!

Dovetail Slats

Slats are dovetailed and pre-fitted on each end to prevent loose fitting slats that are always falling out.

Center Supported

Center supports that bolt into the slats and are also fully adjustable for the exact slat height to acquire maximum mattress warranty. Queen sizes have two, and the king sizes have four.

Sturdy Headboards

All our panel beds have a specially fitted cleat attached to the bottom of the panel that strengthens and sturdies the headboard and footboard.

Rail Options

Most beds have a standard 6" wide rail, 8" off the floor. Optional rails are 8" or 12" wide. Floor height can also be adjusted to your specific needs.

Customization

We can customize the headboard and footboard heights and other small alterations.

Storage Bed Units

We offer two different styles of storage bed units—side storage and footboard storage. Both of these will fit any of our beds.

Extra Storage

Our six drawer storage unit has more cubic feet of storage than a nine-drawer dresser and offer a great way to utilize the space under a bed.

Easy to Assemble Storage Unit

Our storage bed units consist of two cabinets and 3 loose pieces. So with minimal time and a ½" wrench, assembly is no hassle.

Options

- 8" wide rail
- 12" wide rail with two brackets per rail
- Extra slats
- Extra center support
- Minimum charge for customizing
- Adjusting rail height from floor is not considered customizing

Quality furniture tailored to your needs...

6-Drawer Side Storage Unit

Features

- Platform Height: 16½"
- Solid plywood platform, completely finished.
- Toe kick to ease getting in and out of bed.
- Enclosed base eliminates need to sweep under the bed.
- Large 8" x 21" x 22" drawers with 2.12 cubic feet of storage per drawer.
- Total of 12.12 cubic feet of storage. Compare to Ouray 6-Drawer Chest with 11.12 cubic feet.

Shipping & Assembly

- Ships easily in 4 pieces: 2 main cabinets, 1 platform cover, and 1 toe kick cover.
- Assembles in minutes. Tighten 8 lag bolts (same as standard beds). 4 screws on toe kick cover. Insert center platform cover.

Available on All Beds

- Shown on the Monta Vista Bed

4-Drawer Side Storage Unit

Features

- Platform Height: 16½"
- Solid plywood platform, completely finished.
- Toe kick to ease getting in and out of bed.
- Enclosed base eliminates need to sweep under the bed.
- Large 8" x 21" x 22" drawers with 2.12 cubic feet of storage per drawer.
- Fully functional with a nightstand beside the bed.

Shipping & Assembly

- Ships easily in 4 pieces: 2 main cabinets, 1 platform cover, and 1 toe kick cover.
- Assembles in minutes. Tighten 8 lag bolts (same as standard beds). 4 screws on toe kick cover. Insert center platform cover.

Available on All Beds

- Shown on the Ouray Bed

2-Drawer Footboard Storage Unit

Features

- Platform Height: 18½"
- Solid plywood platform, completely finished.
- Queen bed drawers are 7" x 21½" x 24" with 2 cubic feet of storage per drawer.
- King bed drawers are 7" x 29½" x 24" with 2.8 cubic feet of storage per drawer.

Available on All Beds

- Shown on the Bay Pointe Bed

Shipping & Assembly

- Ships easily in 4 pieces: 1 storage cabinet, 1 rail package with left & right rails, 1 platform package with (4) 15" x 57" x ½" plywood, & 1 slat pack with 4 slats.
- Assembles in minutes. Tighten 8 lag bolts (same as standard beds). Drop in 4 slats. Lay platform pieces on top of slats.

Sliding Top

Touch Switch for Nightlight

Nightstand Options

Options

- Sliding top with felt-lined compartment.
- A magnetic lock can be installed on sliding tops to secure your valuables or handgun.

CASCADE COLLECTION

The Cascade series is rich in design and style with a hint of Shaker heritage. The arched tops along with the boldly rounded edges and corners give this collection its signature look. Applied molding on the drawer frames and tapered feet add an elegant touch. Optional padded leather or fabric panels on the bed provide options for a wide variety of decor styles.

OAKDALE COLLECTION

The Oakdale collection distinguishes itself with unique round posts, delicately tapered in the center to create a subtle bowtie feel. The bed adds to this aesthetic with its bow-shaped raised panels in both the headboard and footboard. This classic set features 1½" thick tops with bullnose edges and rounded corners, complemented by raised paned drawer fronts. Embrace a fusion of traditional elegance and distinctive design with the Oakdale collection.

OURAY COLLECTION

A massive, bold, rustic series for your back country lodge or western decorated bedroom. It is designed to be built with a rustic wood species such as hickory or cherry. Oversized posts, highlighted by tapered, deep chamfer, give the series its lodge presence. Add to that the heavy 1½" thick solid wood tops and the Ouray Collection is sure to impress!

Shown

- Wood: Rustic Hickory
- Stain: Tavern
- Hardware: K-558-BL pulls & K-58-BL knobs

Features

- 1½" thick tops
- 3" x 3" posts
- Full extension side mount slides
- European hinges

Options

- Undermount soft close slides
- Choice of hardware
- Available in all woods & stain colors

RIVERTON COLLECTION

The Riverton collection is crafted to bring a touch of rustic charm to any bedroom. Borrowing tapered chamfered posts and inset drawer fronts from the Ouray collection, this collection features a smaller design that is perfect for cozy spaces. Despite its smaller size, this collection brings a timeless warmth and character to any bedroom.

Shown

- Wood: Rustic Cherry
- Stain: Lite Asbury
- Hardware: K558-BL pulls

Features

- 2" x 2" chamfered posts
- Full extension side mount slides
- European hinges

Options

- Undermount soft close slides
- Choice of hardware
- Available in all woods & stain colors
